MODERN WOODMEN MEET IN PADUCAH

Interstate Meeting Dated for
the 12th of this Month.

2,000 Visitors Are Expected and
Elaborate Entertainments Are
Being Arranged.

COMPETITIVE DRILLS AT PARK.

An interstate meeting of the Modern Woodmen of America will be held in Paducah September 12, and last night the committee on arrangements partly outlined a program. Fully 2,000 visitors are expected in Paducah from towns within a radius of 100 miles. The merchants will be asked to decorate and aid in what ever way possible towards the entertainment of visitors.

In the morning a big parade, those in line being uniformed and headed by Prof. Jackson's band, will start from Fifth and Broadway at the lodge headquarters. The line of march has not been outlined, but will be Monday night, when the committee meets again to appoint a grand marshal and complete arrangements for the parade.

In the afternoon a business session will be held in the lodge rooms over the Walker drug store, Fifth and Broadway. This will of course be private.

Competitive drills will be held at Wallace park in the afternoon by different degree staffs, and the public is cordially invited to attend. Speeches will also be features of the afternoon and evening. The state deputy from Indiana will be among the prominent visitors and will deliver an address in the evening. Another prominent speaker programmed for a speech in the afternoon is Vice President Freeland, of Rockford, Ill.

The lodge was organized in Paducah only a few years ago, but had grown wonderfully. It is a fraternal insurance order, and is fast taking its place among the foremost orders of its kind in the United States.

Mayor Yeiser today directed that the owners of the building occupied by the Scott Hardware company and Henneberger, which were damaged by fire two weeks ago, and have been a menace to life and property since, be torn down at once. Capt. White, of Nashville, the owner, will be here Monday and will have work started on a new building at once.

LID WILL BE ON AT MURRAY TOMORROW

Murray, Ky., Sept. 6.—Under the provisions of the new "lid law" which has been passed by the council and is now in effect a penalty is provided for anyone selling, proffering for sale, merchandise of any character on Sunday except "articles necessary for the sick or to bury the dead." The ordinance has been construed by the city attorney to mean that cigars, soda water and other luxuries and even newspapers must not be sold on Sunday and the marshal has been instructed to enforce the strict letter of the law.

The council has also passed a law which has caused a great stir and protest among the people of the town and it is said that set of councilmen who favor the repeal of the law will be put up and voted for at the next election by those who favor cows running at large in the city.

MATINEE RACES

ATTRACTIVE PROGRAM
ARRANGED FOR FRIDAY.

The Club Is Making Great Preparations
For Its Fall
Meet.

Friday the Matinee club will give the biggest club meet ever witnessed in Paducah. There will be a full brass band to entertain in the intermission of heats and soft drinks of every description will be furnished for thirsty ones. Every convenience will be afforded and a banner crowd is expected out.

The Ben Frank string of horses is here, and also is the Reid string, the latter returning this week from Illinois, and the best stock in this end of the state will participate in the events. There will be trotting, pacing and running races. The program has not been mapped out yet, but will be next week. Some events will go five heats.

The track has been worked and placed in excellent condition, and white wash has been spread all over the grand stand, fences and other buildings at the fair grounds.

"Realizing that it takes horses, and plenty of them to make a successful race meet, Paducah turfmen will spare no expense in getting the best possible to secure," declared Mr. George Goodman today, "and Mr. C. H. Harris has been instructed to go to Kankakee, Plankneyville, and Marion, Ill., to secure all the horses as he can secure."

This statement is evidence that Paducah will be furnished the best races ever witnessed here this fall. Members of the horse show and matinee club associations will spare no expense. It was decided at a meeting last night that horses be transported from car to the fair grounds free of charge to owners. The expense of promoters of the races and horse show will go to, will amount to a great deal, but they intend going in to the matter right.

Mr. C. H. Harris will have charge of visiting horsemen who bring stock here. Every visitor will be admitted to the grounds free, and will be shown every courtesy.

Thompson Wins Match Race.
In a three heat go yesterday at the fair grounds, a special race between "Brook Hill", Mr. Gus Thompson's fast horse, and "Red Rock", Mr. C. L. Van Meter's thoroughbred, the former won the first and third heats, but on account of a mishap to one of Red Rock's boots which made him break on the first turn, the race was not exactly equal and it is still undecided as to which is the faster horse.

Notes.

Messrs. Tom Settle, driver, and Tom Reid, owner of Ella Mack and "Sam Patch" in Illinois during the past week won second money in races at Murphysboro.

Mr. Wynn Tully will enter some of his horses in Friday's races.

St. Louis Murder.
St. Louis, Sept. 7.—Christian Kelly last night stabbed and killed his son, aged twenty, at the family residence, in the presence of the young man's mother and sister. The tragedy is a result of jealousy arising over the son's non-employment and habits. The father heartbroken, was arrested.

Races Lucania.
London, Sept. 7.—The great Lucania, the largest ship ever put to sea, started today on its maiden trip across the Atlantic, from Liverpool to Queenstown, and engaged in a championship race with Lucania, which for a long time, has held the record for passage between Queenstown and New York.

CONTRACTORS MEET EMPLOYEES' DEMANDS

Carpenters' Strike is Won by
Them.

The New Scale of \$3.20 a Day Will
Be Accepted By All the
Contractors.

BUILDING OPERATIONS RESUME

After three months' fighting the union carpenters in Paducah have won out in their demands for a better wage, and while all the contractors have not signed yet, they will do so tonight. Monday building operations will be resumed in Paducah. The termination of the strike was brought about by sympathetic strikes by the bricklayers, plumbers and other unions, and the enlistment of nearly every non-union carpenter in Paducah into the union.

"You may say that all contractors will sign the scale and that Monday carpenters will resume work," stated Contractor William Lockwood, one of the biggest carpenter contractors in the city. "I would have signed several days ago, but was requested by Contractor William Karnes to await his return from Benton. He will return this afternoon and sign the scale."

When Mr. Karnes returns a meeting of contractors will be held and tonight it is stated they will sign the new scale. The scale calls for \$3.20 per day for eight hours work. At first nearly every contractor refused to sign it, but several "came across." The biggest, however, held out, but the carpenters never lost hope.

State Organizer Adams was sent here and began working with a will to strengthen the union. The work was quietly performed and the result was seen when 4 non-union men enlisted into union ranks this week. This was followed by several other enlistments, leaving less than half a dozen non-union carpenters in the city. Bricklayers then went out in sympathy and also did the plumbers, the hod carriers followed and tied up all building industry in Paducah. The retail merchants also took an active part in settlement of the strike urging the contractors and workmen to get together to relieve the deplorable conditions incident to the strike.

Another Painter Signs.

The painters have not been idle while the carpenters worked for a settlement of their strike, and last night secured the signature of another paint contractor. Mr. Alec McConnell stated that he was willing to sign up, and as soon as the local union meets, will accept him.

Hod Carriers Go Out.

Following quickly a sympathetic walk out of bricklayers and plumbers, the hod carriers' union declared against working with non-union men, and hereafter will work on no job where non-union men are employed. The fact that union bricklayers are out, makes it impossible for hod carriers to work, but to show their sympathy the latter took similar action.

Carpenters' Union Solid.

This morning the carpenters' union accepted 17 new members and tonight have 11 applications to act on. This will clean up every non-union carpenter in the city.

MR. WM. BORNEMANN WEDS MRS. ANDERSON, OWENSBORO.

The friends of Mr. William Bornemann, the well known tobacco broker and local weather observer, were surprised to learn today of his marriage Thursday to Mrs. Jane Tyler Anderson, of Owensboro. Mrs. Anderson is a member of a prominent Davless county family and a very popular lady. Mr. Bornemann has been engaged in the tobacco brokerage business in Paducah for thirty years and in addition to his regular occupation has been in charge of the government thermometer. He has many friends in the city especially among the newspaper fraternity for whom he has often furnished valuable data in regard to weather conditions past and present.

COLORED FEDERAL PRISONER DIES FROM USE OF "DOPE."

Ed Scott, a colored federal prisoner, died yesterday in the county jail from the excessive use of cocaine and other drugs. He was taken ill on Thursday night and had attention from County Physician L. E. Young. Dr. Young left Scott in a fair condition, believing him to be fast improving. This morning on awakening, Scott's cell mate found himself imprisoned with a corpse, Scott having died during the night. Coroner Frank Baker held an inquest and pronounced death the result of drug poisoning. He buried the body in the county cemetery. Scott was held in custody pending trial for passing a \$1 bill raised to \$5.

PODS OF RED PEPPER RUBBED IN BOY'S EYES

Oscar Mills may Lose His Eyesight
as Result of Malicious Deeds.

Ten-year-old Oscar Mills, son of Mrs. A. B. Mills, a widow residing at 219 Adams street, may suffer permanent injury to his eyesight through what he alleges to have been a malicious and unprovoked attack on him by Nello Mitchell, 15 years old, and Lester Orr, 13 years old. He alleges that they rubbed red pepper in his eyes.

The little fellow states that about 2:30 o'clock while sitting in front of Kamlet's store, at Third and Adams streets, the Mitchell and Orr boys passed. Reaching into a basket of red pepper, they secured several pods, tore them open and rubbed the contents into his eyes. He screamed for assistance and Lester Yates, who clerks in the grocery, responded, but the boys had fled. He saw the boys engaged in what he thought was a wrestling match, but did not suspect what they really were doing.

Running to his home the Mills boy related to his mother the occurrence. Mrs. Mills rubbed oils and laid into his eyes, which allayed the pain some what. Later a specialist was called and attended the boy.

Nello Mitchell is the son of A. C. Mitchell, agent for a brewery, and the Orr boy is the son of Grocer J. W. Orr.

Police Judge D. A. Cross this morning referred the case against the Mitchell and Orr boys to Juvenile Judge R. T. Lightfoot, who has not set a date for trial.

Today the little Mills boy is still suffering greatly from his eyes. The smarting pepper was gotten out with much difficulty, leaving the eyes very feverish and inflamed.

TELEGRAPHERS STRIKE IS NEAR A PROBABLE END

Washington, Sept. 7.—W. W. Beatty, international vice-president of the Commercial Telegraphers' union, is authority for the statement that the settlement of the telegraphers' strike is near at hand. He declares that he has secret information that prompts him to make the above prediction.

The peace, if it comes, he declares, will be on terms honorable to the strikers.

President Gompers, of the American Federation of Labor, refuses to discuss the report that he is in long distance communication with Labor Commissioner Neill and officials of the telegraphers' union in New York and is working with them to bring about an adjustment of differences.

City Claims to Have a Trump Card to Play in the Boyle Case.

Although the records of McCracken circuit court do not show that cases against Hugh Boyle, fined in police court for selling liquor without a license, and appealed to circuit court, were dismissed, Boyle is open to doing business; and if the trump card the city claims to have up its sleeve takes the pot, it will add to the already most complicated cases that ever interested Paducah attorneys.

Circuit Judge W. M. Reed rendered an opinion this week in which he declared the city license ordinance unconstitutional. This invalidated any act of police court in fining Boyle and also invalidated the act of Mayor Yeiser in revoking Boyle's license.

INFANT CRIMINALS WORRY THE POLICE

Milk Pitcher Robberies Latest
Complaints.

Money Left Under the Pitchers Is
Stolen—Complaints Are Numerous
of Such Thefts.

OTHER COURT HAPPENINGS.

Paducah's "infant criminal class" is worrying police a great deal, and the closest watch is being kept on every suspicious looking negro boy. Crime is alleged to be born in the average negro street gamin, and robberies of the minor nature are attributed generally to this class. Statistics prove it. Yesterday two boys under age were proven guilty by their own plea to robbing several store houses and residences. They got two years in the penitentiary. Others of more tender ages have been sent to the reformatory school, but one gang operating now has successfully eluded detection.

Chandeliers in several residences, including "The Inn" building were stolen, mutilated and sold for old brass. Lead pipe and scrap brass, and copper are reported stolen from the railroads but the latest reported is the "milk pitcher" thief. He operates on a large scale for small profit.

The milk pitcher thief operates late at night and early in the morning. Housewives leave pitchers on their porches. Under or inside the pitcher they place money for milk, or perhaps a check or ticket. The thief enters, lifts the pitcher and removes the money, ticket or check. Many robberies of this nature have been reported by milkmen of late, and police have been instructed to keep a close watch.

GOODWIN AND FREEMAN HAVE PITCHERS DUEL.

Clyde Goodwin, formerly of the Vincennes Kitty league team, was pitted against Jimmie Freeman, who played star ball for the Paducah team in the Kitty league, on the 5th at Milwaukee, and won against the upstart master. Freeman allowed the Milwaukee team 7 hits while Goodwin let the Minneapolis team down with 5. The score was 3 to 1. Freeman gave four passes to first sack and Goodwin but one. They broke even on strike outs, each getting 8. Both pitchers have made good.

GANS AND BRITT READY FOR BATTLE MONDAY.

San Francisco, Sept. 7.—With the fight between Joe Gans and Jimmy Britt but 48 hours away, the men are down to weight today and claiming they are in better condition than ever before. Gans says he will win in ten rounds. Britt is equally as confident. Gans is a slight favorite in betting.

INDICTED FOR MURDER.

Itinerant Umbrella Mender Slew Well-Known Henderson Man.
Henderson, Ky., Sept. 7.—Frank Clark, an itinerant umbrella mender, was indicted for willful murder by the grand jury in session here yesterday. Clarke shot George Pritchett, a well known citizen, three times in the street here last week, and feeling against him is yet high. The coroner's jury which held the inquest over the body of his victim went far enough to find Pritchett guilty of murder in the first degree.

SAYS SHE WED WRONG TWIN.

Paris, Ill., Woman Asks Divorce, Alleging She Was Deceived.

Paris, Ill., Sept. 7.—Mrs. Addie Thomas today brought suit for divorce from her husband, Calvin Thomas, alleging he had deceived her into believing she was marrying his twin brother, Alvin, whom he closely resembles.

Tobacco Man Goes West.
Mr. Rufe Downs, who formerly bought tobacco for the Italian government at Murray and later at Paducah is preparing to leave in a few days for Goldfield, Nevada and other points in the north and southwest to look after extensive mining interests there.

BANK CLEARINGS INCREASE \$94,292.

All Lines of Business Reflect
a Healthy Condition and
Good Outlook.

Bank clearings this week, \$844,002.
Same week last year, 750,310.
Increase, \$94,292.

Paducah's bank clearings certainly took a jump this week and as Monday was Labor Day, a national holiday, these figures are for only five business days. Autumn is not quite here, but fall sales are keeping the merchants well rushed with retail orders. Wholesale dealers are jubilant over the rush, and some of the wholesale dry goods dealers report this season has the best prospects of any previous year.

Paducah may yet be a big iron center as has so often been predicted by men of foresight. Although their visions have been scoffed at, but when we come to a sample of the iron industry here we open our eyes. The Lack Malleable Iron company was organized a short time ago and has not been in blast over several weeks. The object in establishing the plant was to provide iron for its single tree department only, but this week, it booked an order for over \$10,000 of iron from an outside concern. The plant could hardly entertain the order, but the price offered proved too attractive to turn down. This is only a testimony of what we may expect in the near future. With its limited capacity at present, it is assured the plant will expand to its needs and be one of Paducah's big industries.

Another phase of business is that merchants are buying steadily and they feel the needs of Greater Paducah. Traveling salesmen when questioned as to their success in this city report it one of the biggest markets for its size in the whole country. Then the number of traveling salesmen coming to this city is something of importance. Go to the hotel registers or go to Union station if you are in doubt.

Retail merchants report a good demand for fall goods and the busy housekeeper is spending her spare moments in preparing for the winter. All stores have the new goods in, and the windows decorated with the autumnal colors present an appearance of prosperity. Still there is a good run on the last of the summer goods.

BRYAN WILLING TO NOW STAND ASIDE

Reported He Would Give Way
for Culberson of Texas.

Prominent Democratic Politicians
Believe the Senator From Texas
Would Have Chance.

COMMITTEE SAW MR. BRYAN.

Washington, D. C., Sept. 7.—A member of the Democratic national committee was quoted here last night as having said a few days ago that William J. Bryan had been asked to refuse to stand for the Democratic nomination to the presidency this time, and allow Senator Culberson, of Texas, to be nominated. This same member of the national committee was quoted as having said that Mr. Bryan declared that Senator Culberson as the nominee would be entirely satisfactory to him.

Further than this, the committee man would not commit himself in positive terms, but it is stated that his manner no less than his words indicated that he was not entirely averse to the idea of giving way to the Texan. The national committee referred to is John T. McGraw, of West Virginia, who has recently returned from New York, where he saw several prominent men of the party.

He stated that the emissaries who urged Mr. Bryan to stand aside and give Senator Culberson a chance told the Nebraska statesman that the Texas senator would stand an excellent chance of election, whereas it was a matter of grave doubt whether a man who had been twice defeated by overwhelming majorities could hope to do much if any better the third time.

Tobacco Association.

Holding Precinct Meetings To Elect
Members of Executive Committee.

Precinct meetings are being held this afternoon in every county in the "black patch" by the members of the Dark Tobacco Planters' Protective association. The purpose of the meetings is to elect a member of the county executive committee from each county. The committeemen elected will meet next Saturday and elect the county chairman and secretaries.

In McCracken county it is said that almost the entire membership of the association in the county is attending the meetings, causing the number of farmers in the city today to be much smaller than is usual on Saturday evenings.

NEGRO BOY ARRESTED FOR HITTING BOY WITH ROCK.

Enraged at a rebuke from the manager of a medicine show exhibiting at Eighth and Tennessee streets, Arthur Berry, a 15-year-old negro boy, last night hurled a large rock and struck Earl Bailey, son of Fireman Dan Bailey, of No. 1 fire station. In the eye and nearly knocked it out. Berry ran. This morning Patrolmen Hurley and Singery, after a little detective work, spotted the Berry negro and arrested him. He admitted throwing the rock, declaring that he did not intend to hit Bailey but the "doctor." The manager of the show sent down a reward of \$20 for the arrest of Berry. The negro was taken to jail pending trial in the juvenile court.

MR. ED EAKER STRICKEN TODAY IS SERIOUSLY ILL.

He was taken to the James Lally grocery and Dr. J. D. Robertson summoned. At noon he was removed to his home, and is in a very serious condition.

PASSENGER TRAIN

Of Illinois Central Rocked Between Henderson and Princeton.

Henderson, Ky., Sept. 7.—An Illinois Central passenger train was rocked between Princeton and Henderson last night, and several passengers had narrow escapes. Large, sharp-pointed rocks three or four inches thick were thrown into the windows.

One of the narrowest escapes by any of the passengers was that of Mrs. Charles Parissi, wife of a wholesale fruit dealer of this city. A large rock smashed the window at which Mrs. Parissi and her niece were sitting, and fragments of glass were scattered all over them. The women attributed their escape from injury to the fact that their faces were covered with veils.

CAIRO PLANS TO GREET ROOSEVELT

All Arrangements for Reception to Nations Chief Made.

The City Will Be Decorated and Business Practically Suspended as Well as the Schools.

NEIGHBORING PRESS INVITED.

An important meeting was held last night at the Commercial club rooms by the committee having charge of the Roosevelt Day demonstration. Mayor Parsons presided and among those present were P. T. Langan, W. P. Greaney, George Carnes, Henry Smith Candee, Walter H. Wood, Wm. McHale, Joseph Curry, L. C. Herbert, W. J. Johnston, T. C. Clendenen, E. A. Burke, Phil C. Barclay, Thos. A. Williams, R. L. Finney and John C. Fisher.

On motion Mayor Parsons was made chairman of the committee. He made report of what had been done by the executive committee of which he is chairman. He said invitations had been sent to 21 governors of states to the Illinois state officials, to congressmen and state senators, many of whom had been heard from and would be here.

He reported also concerning his recent visit to Springfield and conference with Col. Scott regarding the coming to Cairo of the Fourth regiment, I. N. G. The regiment will be here on the morning of the 3rd, and serve as an escort to the president. The state will defray the cost of transportation, but the people of Cairo must provide for feeding the men during their stay here, which will be a matter of between \$600 and \$700. The mayor said the purpose of the meeting last night was to discuss plans for the occasion, which could not be satisfactorily done until the matter relating to troops had been settled.

It was decided to have the line of march decorated with flags and streamers the latter bearing legends regarding river improvements.

It was voted to engage Goodman's band, of Decatur, which Capt. Creaney said was admittedly the only military band in the state, composed of 42 pieces, which, with the regimental trumpeters, would give us over 60 musicians.

The mayor stated he had Col. Scott's word for it that he desired the band to come. The band has been engaged to play at the state fair on the date the president will be here; but the mayor stated he had written to the secretary of the fair and to the band leader requesting that the organization come to Cairo, and felt sure of a favorable reply.

On motion Culver's band was invited to participate in the demonstration.

The school children will be released from school on that day and some of them are to take part in the demonstration, the manner to be determined by the committee. It was suggested that they be stationed in squads along the line of march and sing patriotic songs as the presidential carriage passes them.

Thos. W. Williams, of the publicity committee, suggested that formal invitations be sent to newspaper men in this vicinity, with tickets of admission to the press stand, and it was voted that provisions be made for the press and that \$25 be set aside for sending out the invitations, etc. John C. Fisher, chairman of the publicity committee, believed the railroads would attend to the necessary advertising and that no money for advertising purposes was needed—the press would do its part free of cost.

It was voted to have badges as souvenirs and to issue programs for the occasion.

THE CALL OF THE SCHOOL BELLS

Everything in Readiness for the Opening of New Session.

Teachers Have Received Instructions From Superintendent. Carnagey Large Enrollment Expected

A SHORT SESSION MONDAY.

White teachers met at Washington school building this morning to receive instructions from Superintendent John Carnagey relative to the opening of school Monday. This afternoon the colored teachers met, and all will be in readiness for the opening Monday morning.

This year bids fair to be a banner year in the history of Paducah public schools. There have been many pupils given entrance cards during the week, and it is expected that the enrollment this year will exceed any previous year. The fact that two new school buildings are being erected is evidence of the rapid increase in the number of school children. When school opens Monday nothing will be done in the morning, aside from enrolling pupils and sending them out for books. In the afternoon the teachers expect to settle down to work, but confusion will mark the first week, steady work being impossible to obtain before the second week.

A GOOD GAME

CULLEYS AND FOLSOMDALES CROSS BATS AT PARK.

The Culleys Have Been Strengthened and a Great Game Is Expected.

One of the warmest amateur games of the season will come off tomorrow morning at League park when the Culleys and the Folsomdales come together. Both are strong teams and every member of the teams wants his team to win. Barnett and Block will be the battery for the locale and as Barnett is in good condition it is safe to say there will be little slugging. Williams, of Murray, and Black, of Benton, have been secured to strengthen the Culleys. Both are sturdy ball players. However, the Folsomdale team will put up a good game. The Culleys have lost but two games on home grounds this season, and the members do not intend to lose any of the few remaining games.

SPECIAL COUNCIL MEETING ORDERED BUILDING INSPECTOR

At a meeting of a special committee from aldermanic and councilmanic boards last evening, it was decided to immediately draft an ordinance creating the office of building inspector and prescribing duties. Such an ordinance has been drafted, but is very voluminous, consisting of fully 100 typewritten pages. The ordinance committee is directed to compile a shorter measure from it, and report at the next meeting of the boards.

It is really astonishing how mighty few there are who are actually needed in this world.

Portland Oregonian.

One more summer has nearly reached its end, and society patiently awaits the ushering in of autumn, when the tourists will return; the vacationist packs his trunk and comes home. Then by the fireside in the winter a long realm of stories and exciting events may be related and preparations begun again for the summer of 1908.

Paducah people are returning home, but this week everyone must have taken a little vacation at home, for it has been one of the quietest weeks on record. But mothers have been busy preparing the boy and girl for school, and Monday morning the little miss in stiffly starched dress will be much in evidence, and the small boy will be lamenting that school has begun. Aside from this the call of college has robbed us of many of our charming young people. Indeed the younger set is quite cleaned out. While some are still with us, it is safe to say next week will be their last.

Pleasant Evening.

Miss Edna Broyles entertained her friends Thursday evening with a pretty party at her country home, two miles from the city on the Mayfield road. A delightful evening was spent with games and music. Ices and cakes were served during the evening to the guests. The guests were: Misses Dora, Margaret and Freddie Beyer, Mamie Monier, Laura Harper, Rose, Clara, Nellie, Hallie and Pearl Smith, Bessie Hovington, Freda Dunbar, Maura Petter, Hattie Smith and John and Will Beyer, Ed, Sam and

Joe Smith, Alonzo, Allie and George Starr, Elmer Council, George A. Smith, George L. Smith, Chester Harper, Carl and Henry Chapple, Ernest Jones, Eugene Boatwright, John Monier, and Oscar and Charles Broyles.

Box Party.

Reception to Bride.

Thursday evening at the parlors of the Standard club on Broadway the congregation of Temple Israel gave a reception in honor of Rabbi and Mrs. Lovitch. Cut flowers and potted plants were effectively used in decorating the parlors and in the hall, where refreshments were served, electric lights of various colors gave a charming effect. The bride is a charming young matron and the parlors were crowded during the evening with callers.

Organ Recital.

Prof. Harry Gilbert gave an organ recital Tuesday evening at the First Christian church. It was his farewell recital, as Prof. Gilbert left Thursday for Texas to resume his position as instructor in a conservatory of music. In the recital he was assisted by Mrs. David M. Flodrooy and Messrs. Frank B. MacDonald and Emmett Bagby. An excellent program was given.

Blackburn-Aaron.

It was a surprising bit of news when the marriage of Miss Arizona Blackburn and Mr. Wallace Aaron was announced yesterday morning. The young people quietly gave their relatives the slip and went to Metropolis, where the ties of marriage were joined. The couple returned Friday morning and announced the glad news. The bride is the daughter of Mrs. Clara Blackburn, 905 South Eleventh street, and was popular in a wide circle of friends. Mr. Aaron is a well liked young man.

ELENTY OF CLOWNS

Have Been Secured This Year for Hagenbeck-Wallace Shows.

Circus managers are complaining this season of the lack of clowns. They do not find any trouble in getting people who are willing to dress as clowns, but find it hard to get men and women who have the knack of entertaining the monster throngs that gather under a circus tent.

In the first place the clown of 1907 must be really funny. He must possess numerous makeups and lots of properties such as automobiles and the like. The antics of the clown of years ago have been discarded by the progressive clowns of today for it is an undisputed fact that the public taste for comedy changes every decade.

Art Adair one of the principal clowns with the Hagenbeck and Wallace circus which exhibits at Paducah Monday, September 16, has been engaged in this line of work for more than twenty years and has frequently been styled the daddy of the present day clowning. He originated the majority of the stunts now being performed with other shows, and this year has a new line of fun for those who see Hagenbeck & Wallace.

The clowns appear in nearly all of the aerial acts, along with the troupe of tumblers, among the riders, and in fact few of the features of the Hagenbeck & Wallace circus are without their comedy element. In addition to the fifty human clowns there are more than a dozen animal clowns. The largest clown is Euripides, the 6,000 pound elephant, and the smallest is Jocko—the monk.

WILLSON'S REPLY TO HAGER.

The Democratic press, and the Democratic speakers, too, have been keenly awaiting Mr. Willson's reply to their query if he would pardon Caleb Powers, and in his great speech at Barbourville this week he answers them thus:

"Mr. Powers will have a fair and honest trial before a fair and impartial judge and a non-partisan jury, and this applies to all men under indictment in connection with the Goebel affair, who will come back to Kentucky for trial when I send for them.

"All of these men will have a fair trial if it is the last act of my life, and in order that there may be no charges of favoritism made, they will be tried before a Democratic judge if I find that he is the best man fitted to perform this important service to the state.

"Mr. Hager, in the miserable rancor of party hatred, has seen fit to drag the matter into this campaign, and I throw it back into his teeth and resent the implication that I or the Republican party would release Mr. Powers without a fair trial and a fair record of the case. And we have the right to assume that he has not had a fair trial because a Democratic court of appeals has had their say so.

"If you elect me governor I pledge

you to observe my oath of office, the constitution and the law as becomes an officer of the law, a gentleman and Kentuckian. No man may ask me if I will pardon him if he is guilty. I am a full grown man, no child, and have the nerve to say right here before you just what I will do and no more.

"The Republican nominee again explained his position on the temperance question, in which he bitterly resented the imputation of Auditor Hager that perhaps the Republican committee had the saloon men's check in its coffers.

"I defy Mr. Hager or anyone else to prove that we have a coat of saloon money," he explained in ringing tones, and then in humorous vein he told the audience that he would buy a pint of peanuts for anyone who could discover any reference to temperance in the Democratic platform, which had not been adopted and which he would read to them.

"I am going to read Mr. Hager's platform as he wrote it himself," Mr. Willson said, and when he had finished, did not have to buy any peanuts. With great impressiveness Mr. Willson defied anybody in the audience to tell him what the state Democracy had ever done for Sunday closing in over 30 years except the little spasm in Louisville, which he said was a punishment to the people who did not support its leaders at the last primary, but there was no response to interrupt his discussion of other matters.

The announcement of a settlement of the carpenters strike will be received with pleasure by every line of business. The contractors and carpenters announce they will come to terms tonight, and building operations, which have suffered on account of the trouble, can now proceed. The carpenters are to be complimented on the dignified struggle they made. Their strike should be an object lesson to all unions as to how to conduct such affairs.

The Paducah Woodman, a publication devoted to the order of the Woodmen of the World, made its first appearance today. It is a small four page paper of a very neat typographical appearance. A. J. Rigby is editor and publisher.

There will be a number of sick youngsters Monday when the school bells give the call to books.

The newspapers in the neighboring cities are taking a great deal of interest in the West Kentucky Immigration convention the 24th-28th of the month and every indication promises a very successful convention. Paducah merchants will do well to remember the date and to boost the meeting all they can.

ABOUT FULTON PEOPLE.

Fulton, Ky., Sept. 7.—The grand jury was dismissed in Hickman today after returning 43 indictments, and will convene in this city Tuesday when the Fulton county circuit court opens its grand jury.

The many friends of Mrs. Sam Moss, formerly of this city, will regret to learn of her death at Union City this morning of tuberculosis. Mrs. Moss was about 40 years of age and a devoted member of the Cumberland Presbyterian church.

Engineer Joe A. McCann, of the Paducah and Fulton accommodation Illinois Central passenger runs, is fast improving and will be home in two weeks from the St. Louis Baptist hospital. He has been confined there two weeks, the result of an operation.

Lutian Logsdon, the barber, who was in the city jail charged with wife beating, escaped last night. When Patrolmen Carier and McDade entered the jail, Logsdon asked to be allowed to walk out in the office to get a breath of fresh air, stating that he was very sick. The officers granted his request and the prisoner seated himself in the office by the door and called for a drink of water. The officers went for the water and Logsdon dashed out of the door and fled. The officers took chase and fired several shots at the fugitive but to no avail.

Review of Week's Trading.
New York, Sept. 7.—Dun's Review says:

"Bank exchanges for the first week of September show much irregularity, compared with the heavy totals of both preceding years, but the aggregate at cities outside New York still shows a small increase, the total for five days being \$723,051,014, 1.4 per cent. larger than last year and 10.1 per cent. more than in the corresponding time of 1905. The heavy loss at New York still reflects in large measure stock market conditions, and lower security values and to some extent the loss at Boston and Philadelphia is due to a like influence. The increase at Baltimore shows an improved situation at South Atlantic points, and there is a small gain at Pittsburgh. A substantial increase at most western cities, notably at Chicago and Kansas City, Cincinnati, Louisville and New Orleans report a decrease, and there is a large loss at San Francisco.

FIVE YEARS EACH

GIVEN ALEXANDER AND HAMILTON FOR FRIENDSHIP DEED.

The Grand Jury Returns Thirty-five Indictments Since It Was Empaneled Monday.

Found guilty of maliciously cutting Matt McKinney, an aged man, Will Hamilton was given five years and his nephew, Will Alexander, alias Coots Eggleston, given one year in the penitentiary this morning. McKinney was overpowered near Third and Norton streets by Hamilton and Alexander a few months ago, and carried into the iron furnace yard off Third street, where the cutting was done. McKinney was drinking, but not too drunk to remember the circumstances. Alexander after being arrested confessed to Detective Moore that Hamilton did the cutting while he held McKinney, and that he participated in the act only because Hamilton threatened to kill him if he did not. They became enraged at McKinney because he refused to give them \$1, and were both drinking.

Lloyd Mabrey, colored, who shot Constable A. C. Shelton in the hand at the fair grounds August 8th, was given five years in the penitentiary.

Will Harris, colored, who stole a coat and pistol from the James Rickman saloon and sold them for 25 cents, alleging them to be his property, was given one year in the penitentiary.

When the grand jury reported six more indictments this morning it made a total of thirty-five indictments returned since the jury was empaneled Monday morning. Each day a report was made after the first day, the greatest number being returned in one day coming yesterday when 13 were returned with one city court warrant recommending a lunacy trial. Jailor Eaker had ten more prisoners in jail pending indictment or dismissal, and there are a few others out on bond who have to be investigated before the jury can get into "new business." For this reason the time of the grand jury was extended another week.

Following are indictments returned this morning:

Paul Russell, for obtaining from Albert Beasley 50 cents, representing himself to be an agent for a furniture company and authorized to make contracts, when in reality he was not.

Raymond Beck, for stealing \$60 worth of brass and copper from the McKinley Veneer and Package company.

Charles Briggan, for maliciously shooting Riley Turner.

Pete Caldwell, colored, for breaking into the Paducah Brewery company store house at Ninth and Boyd streets.

Tom Simms, colored, for maliciously shooting Willie Jacobs.

Charles Gaines, alias Dusey Gaines, for robbing John Backer of \$15.

OUTFITTERS TO MEN AND BOYS

IN THE COURTS

Police Court.

Joe Greaff, who was arrested this morning at the Illinois Central passenger depot charged with selling a wheel that did not belong to him to Bud Quarrels for \$3, was dismissed, Mr. Quarrels failing to identify him.

E. O. Thomas was held to the grand jury for uttering and forging a bogus contract.

Other cases: Charles Brodis, colored, drunkenness, \$1 and costs; Dee Johnson, colored, disorderly conduct, \$5 and costs; Bishy Boyd, colored, disorderly conduct, dismissed; Houston Williams, petit larceny, dismissed.

Creditors agreeing, Referee E. W. Bagby today ordered Trustee John Rock, of the Paducah Furniture Manufacturing company, to sell furniture. Referee Bagby is today hearing proof in two claims filed by the City National bank against E. Rehkopf, individual bankrupt, and the E. Rehkopf Saddlery company, for \$250 and \$350 respectively. The trustee has objected and excepted to both claims.

Negroes Create Disturbance.

Dee Johnson and several colored companions created a disturbance at Fifth and Jefferson streets last night between 9 and 10 o'clock. Patrolmen Aaron Hurley and Henry Singery were within ear-shot, and upon arrival the crowd broke and ran. Johnson was caught but the others proved too swift for the patrolmen, having gotten a better start than Johnson.

To frighten them Patrolman Hurley shot into the air several times, but no one served to make them run the faster.

Ambrose Kerr, chief of police of Parlimo, Mo., was in Paducah yesterday on business.

Graves County Lads Arrested.

Hermann Hayden, an 18 year old Graves county boy, was arrested yesterday afternoon by Patrolmen Elijah Cross at the Mitchell saloon-grocery, at Tenth and Finley streets, and turned over to Deputy Sheriff Sullivan, of Mayfield, who held a bench warrant from Graves circuit court charging gaming. The young man was taken back on the 4:20 o'clock train.

Prisoner's Foot Mashed.

Henry Utley, colored, who was a short time ago fined \$25 and given ten days in jail for carrying a concealed weapon, had his left foot badly mashed yesterday afternoon at Seventh and Jackson streets. He was shackled, and riding on a heavy dump wagon when his shackle chain broke. In trying to grab it he lost his balance and fell, his foot going under the wagon wheel.

SOUND LOGIC.

August and September are two months when one has to be very careful about every condition that makes for good, or bad health. The system is usually beginning to feel the strain of the hot summer months and the different organs need but very little to throw them into complete disorder and result in probably a fatal illness.

Good health is assured however if you heed nature's gentle warnings, and are in any measure discreet. The usual summer disorders—malaria, general weakness, and run down conditions, biliousness, stomach and bowel disorders of all kinds, chronic or acute, headaches yield readily, and very quickly, to the Osteopathic treatment, and have no attending ill effects. Usually you are as ill from the customary medical prescriptions as from the illness, but in Osteopathy you experience none of this. Let me tell you at any time of the great success I am having with the treatment in Paducah. I shall refer you to people you know well for the evidence, and who will tell you just what it has done for them.

GREEN TOBACCO

Is Being Cut By Graves County Farmers.

A large quantity of tobacco is now being cut, and it is said much of it is being cut green, says the Mayfield Messenger. The reason for its being cut so early is that the hot sun is doing so much damage by the heat and in some places the leaves show signs of damage from the severe heat.

The growing tobacco crop has also been menaced by worms. Farmers report that they are worse in some localities than ever known. Owing to the scarcity of labor the situation for a while looked serious. Paris green has been used in large quantities and the worms have been slayed by the thousands.

W. T. MILLER FINDS

346 COUSINS ON VISIT.

Mr. W. T. Miller has returned from Gibson county, Tenn., his former home. Just for curiosity he took the name of every first and second cousin he met, and since he has returned home he has found time to add the list and to his astonishment found the total was 346. This may sound somewhat unreasonable, but Mr. Miller has the names and it is presumed he is correct. One of his uncles had 22 children.

S.S.S. CURES BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer which does not always excite suspicion because of its insignificance; but as the poison becomes more firmly rooted in the blood, the mouth and throat ulcerate, copper-colored spots appear, a rash breaks out on the body, the hair begins to come out, glands in the neck and groins swell, and often ulcerating sores form on the limbs, hands or face. But this is not all: if the poison is allowed to remain it works down and attacks the bones, causing necrosis or decay, and makes a complete physical wreck of the sufferer. It will not do to tamper with a disease so powerful as Contagious Blood Poison, for every day the virus remains in the blood the trouble is progressing toward a more dangerous stage, and may in the end get beyond the reach of any treatment. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S., the greatest of all blood purifiers. This remedy attacks the disease in the right way by going down into the blood and forcing out every particle of the poison. It makes the blood pure and rich, strengthens the different parts of the body, tones up the system and cures this humiliating and destructive disorder permanently. The improvement commences as soon as the patient gets under the influence of S. S. S. and continues until every vestige of the poison is driven from the blood, and the sufferer completely restored to health. S. S. S. is not an experiment, it is a success and has cured thousands of cases of Contagious Blood Poison in every stage, and being entirely free from minerals, is as safe as well as certain treatment. If you are suffering with this debasing disease get the poison out of your blood with S. S. S. before it does further damage. Special home treatment book on the disease and medical advice sent free to all who write.

WILLSON SHOWS UP ADMINISTRATION

Answering Hager Charges State is Badly Governed.

A Withering Reply Made to Democratic Leader in His Pineville Speech.

GIVES SOME SPECIFICATIONS.

Pineville, Ky., Sept. 7.—Straight from the shoulder and with the force which only the truth conveys, Augustus E. Willson, the Republican nominee for governor, today turned his battery in full force on the present state administration in reply to Mr. Hager, who has expressed a desire that the Republican leader go into details in his charges of corruption and mismanagement brought against the state machine and that Kentucky is the worst governed state in the Union. There were no glittering generalities or hints in the terrible indictment which Mr. Willson drew against the Democratic machine and its leaders, but facts, plain facts presented by a formidable array of Democratic witnesses who were made to give their testimony in the court room of the Bel county court house, in which Mr. Willson spoke.

In Hay's Home.

This is the home of N. B. Hays, the Democratic attorney general, to whom Mr. Willson paid an earnest tribute as an upright honest man. His Democratic neighbors and supporters listened to the story of the now famous Pike county alleged primary last November, which helped to defeat and humiliate him with feelings akin to disgust and loathing for the selfish little machine at Frankfort.

After Mr. Willson had been introduced by W. L. Davis, the Republican county chairman, he said that he was going to answer some of the questions put to him by the Democratic candidate in his laboriously read speech at Lexington.

He remarked that he probably would be able to reply to the greater part of them before election day, but to cover all of the corruption and mismanagement in the sixty days before election could not be expected of any mortal man. Before he took occasion to reply to any of Mr. Hager's questions, however, Mr. Willson put the following up to the Democratic candidate:

"I think the state would be interested to know what there is in the rumor strongly stated that Mr. Green, one of the prison commissioners actually knocked the auditor out in demanding that a large contribution for the campaign be required of a bidder on an important contract before it would be let to him."

Gives Some Specifications. After apologizing to his audience for bringing before it many facts relating to corruption and mismanagement, with which they already were familiar, Mr. Willson said: "Mr. Hager asks me to specify the general charges of business mismanagement by the administration. I cannot give all of the particulars in one speech, nor in ten, but I will give a few now and more if necessary, because most of the people of Kentucky have felt the great increase in taxes and have

Do You Digest What You Eat?

It is one thing to eat and quite another to digest the food. Many people can't do the latter and suffer for years from indigestion without really knowing what is the matter with them. They just know that their "stomach is out of order."

But the most important thing, after all, is to know what is the matter, for then it is easy enough to know what to do. It is the thousands of people who are suffering from indigestion who are the ones who need to know what to do. If you have any digestive trouble, as its name indicates, it is for just that very ailment that it is proven by lines of voluntary testimony to our office. More direct and personal proof can be obtained by going to your nearest drug store and buying a 50-cent or 10-cent bottle of Dr. Caldwell's Syrup Pepsin. It is a reliable and safe remedy, and its results are guaranteed, so you risk nothing.

From George C. Banta, formerly of Mouth, Ill., and now residing at Washington, D. C., where he holds a high position with the Government, is a warm friend of Dr. Caldwell's Syrup Pepsin. He found it an invaluable tonic and an aid to his indigestion and digestive organs. He adds that it promotes health and happiness, and recommends that it be in every household.

In truth, no better family laxative than Dr. Caldwell's Syrup Pepsin is known. It is especially good for children, women and old people. It is equally good for the most robust who become constipated or suffer from indigestion, sour stomach, biliousness and other stomach, liver and bowel ailments, because results are sure and permanent. It is a reliable laxative and a safe and certain remedy. It will help many members of a family to better health.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying should write to our office for a free test. This offer is good to those who have never taken it. Send it if you have any symptoms of stomach, liver or bowel disease. Gentest tablets inactive for children, women and old people. A guaranteed cure for indigestion, sour stomach, biliousness and other stomach, liver and bowel ailments. Because results are sure and permanent. It is a reliable laxative and a safe and certain remedy. It will help many members of a family to better health.

seen nothing to show for the increase of \$1,000,000 a year or \$4,000,000 in the last four years above the amount collected by the Republican administration, as shown by Mr. Hager's carefully prepared speech, and the \$1,000,000 and \$250,000 netted from the United States on the war claim, in all over \$5,000,000 more than Bradley had, and I shall also prove by Democratic witnesses the subjugation of the Democratic people and party to the iron rule of the present state ring.

Reads the Testimony. "I shall first call as a witness Attorney General Hays' testimony, given before he was beaten by fraud, and that you may be sure I will give it correctly I read it from the Courier-Journal, then and now supporting the Democratic ticket, in its issue of August 28, 1906, reporting Mr. Hays' speech at Bowling Green of the preceding day."

Mr. Willson then read extracts from the speech, showing the tremendous graft in printing contracts, salary rebates, the vast amount of the state's money expended for special attorneys' fees, calling particular attention to the Whittemore case where C. J. Whittemore received \$1,569.35 for filing a two page brief in a suit involving only \$4,982.09; the whisky tax scandal, and read Mr. Hays' summing up of the situation in Kentucky, in which he said this machine a year in advance of the general election seeking to further its own interest and to perpetuate itself in office, caused the executive committee to call this primary, etc.

Then Mr. Willson cited Mr. Hays' criticism of the snap action of Mr. Hager and the governor at the congressional convention at Pikeville, where, with the ever ready help of Judge James Hargis, of Breathitt, the governor's intimate friend, counselor and riding deputy, and the two Judge Redwines, the machine got the endorsement for state control from the Tenth district convention and Mr. McQuown resigned from the state committee.

ONLY TAN SHOES IN 1908.

LEATHER EXPERTS DECIDE

American Footwear Next Spring May Vary From Cream Verging on White to a Near-Black Russet.

Chicago, Sept. 7.—Men and women who keep pace with fashion will wear only tan footwear next spring. There will be a great variance of shades to select from, however, anything from cream verging on white to a russet that is near-black being permissible.

Such was the decision of the experts who concluded the business of the third annual fair of the shoe and leather market at the Coliseum last evening. They also decreed that none of the freak lasts would be in favor. Only the "foot shape" or "old comfort" lasts will be in favor, say the shoe men.

11 FOOT "KINGDOM" IN TERRITORY ROW

Will be the Most Unique Resort in America.

Owner Declares Strip of Land Not Under Jurisdiction of Kansas or Territory.

OFFICERS CONFISCATE LIQUOR.

Bartlesville, I. T., Sept. 7.—The new Monte Carlo was re-established on the Kansas line, sixteen miles north of here today. Ernest Lewis, of this city, is the monarch of the 11-foot wide kingdom by right of a patent issued by the government. He declares that his kingdom is under the jurisdiction of no authority except the United States circuit court of St. Louis, which is the nearest circuit court to his kingdom.

Only a week ago United States marshals raided Lewis and destroyed a large quantity of liquor and much gambling paraphernalia which he had accumulated. Two of his bartenders were arrested and brought to this city, where they were released on bond to appear before the United States commissioner on the charge of introducing whisky into the Indian territory.

Lewis, accompanied by his attorney, went to Viata where he inquired if there was a warrant out for him. When informed that no warrant had been issued he returned to his domain, accompanied by a surveyor, and had the outlines of the little plot of ground resurveyed.

Lewis declared today that this survey had confirmed the opinion held by his attorneys and himself that the little plot of ground is not under the jurisdiction of Indian Territory or Kansas, and he is free from molestation there. Lewis says he will establish a court of his own, appoint marshals and justices and keep order on the little four acres of ground in the kingdom.

If again raided by the federal officers, he intends to defend his possessions and arrest the invaders and have his court bind them over for appearance before the circuit court at St. Louis.

The "new kingdom of Lewiston" consists of about four acres of ground. The length of the kingdom is three quarters of a mile and it is 10 feet 11 inches wide at its widest point. The needle of the former surveyor has apparently served at this point, and the territory probably rightfully belongs to Kansas. However the state line stones left as markers show a divergence in the two lines.

Lewis has taken advantage of this to establish a monarchy of his own, and has bought a patent to the ground from the government. He has also armed himself with a government license to sell liquor, and is determined to open a resort which will be one of the most unique on the American continent. Because of the shape of the little plot of "No man's Land" it is necessary to construct the buildings on a peculiar oblong plan. They are 10 feet wide and very long. Lewis expects to be able to operate until congress gives his kingdom to Kansas or the Indian Territory. He has employed attorneys and is preparing to make a hard fight for what he believes are his rights.

To Hang a Skirt.

A good way to hang a skirt for oneself is to sew up seams, press nicely, baste tucks or plaits in place, but on hand, then fold skirt in half and lay on table and take a finished skirt which hangs correctly and lay over same, putting a basting or row of pins around bottom edge to show where to turn up new skirt. To put in sleeve correctly fold armhole, having center fold one inch back of shoulder seam and where the half comes join under seam of sleeve. This always insures a perfect fit.

POSTAL AUTHORITIES.

Will Investigate Anonymous Letter Sent to Tobacco Grower.

Henderson, Ky., Sept. 7.—Indignation is still running high in the Smith Mills neighborhood, Henderson county over an anonymous letter found in the small box of S. C. Hopkins last week, telling him to pool his tobacco or suffer the consequences and signed "Night Riders." The Stemming District Tobacco Association talks of taking a hand and offering a reward for the apprehension of the author. It is believed that the postal authorities will be asked to take a hand, as the letter was found in a United States mail box and removed before it reached its address.

THREE MEN INJURED

BRIDGE WORKERS AT RIALTO, TENN., HAVE ACCIDENT.

All Are brought to the Railroad Hospital Here for Surgical Attention.

Three members of an Illinois Central bridge gang working at Rialto, Tenn., were seriously injured in the local railroad hospital. They were brought here last night. One was injured Thursday and the other two Friday.

Thursday while working on the derrier car Foreman J. E. Travis, of Carbondale, Ill., lost his balance and fell. He alighted in such a way as to badly bruise his breast and head. His injuries were temporarily attended to and as soon as possible the patient was removed here.

Yesterday morning while lifting a heavy timber the derrier car careened and began to go over the embankment. On it were S. M. Schneider, of Vandalia, Ill., and George Wakefield, of Pawnee, Ill., bridge

carpenters. Schneider jumped and alighted on his right shoulder. His side was badly bruised and his shoulder painfully jammed. Wakefield ran back to the tender but was caught before he reached it, between the end of the tender and derrier car. His left leg was fractured just above the knee.

Is It a Spotter? Is a "spotter" operating at Paducah Union depot? is a question interesting attaches of the depot. For three days a young man, well dressed and with plenty of time on his hands, has been loitering about the depot. He keeps his eye on everybody and has been conspicuous because of his actions. He is a stranger and is accepted as a "railroad operator."

Mr. Hugo McCarmack, a well known Illinois Central machinist, is patiently watching the hatching of 150 eggs he stored in an incubator. He laid off from work today to see that the mechanical mother properly performed her duties.

Five new machinists were added to the forces in the local Illinois Central shops this morning.

Mr. C. W. Wooldridge, chief pattern maker in the local Illinois Central shops, and wife returned yesterday from Springfield, Mo., after a two weeks' visit to their son, Mr. Charles Wooldridge. Mr. Wooldridge returned to work this morning.

THEATRICAL NOTES

FRIDAY NIGHT—Helene Aubrey in East Lynne.

Helene Aubrey, whose charming work with many of our very best metropolitan stock companies and in support of many well known stars will long be remembered, is to appear here the 13th at the head of a company in a modernized version of "East Lynne." Miss Aubrey, as Lady Isabel and Madam Vine, is said to be scoring the success of her career.

The company has been selected for their special fitness to the characters and a production out of the ordinary is promised.

The announcement that Miss Constance Crawley, the celebrated English actress will appear at the Kentucky Monday, the 16th, in Ibsen's Hedda Gabler, will awaken general interest. Miss Crawley though never before seen in the south, has in her brief experience in America been accorded the tribute which is due her as a great star. In presenting Hedda Gabler, Miss Crawley gives the greatest Norwegian's grim, shivery morose drama an interpretation that is superb and the auditor is held in tense,

absorbed interest until the fall of the curtain for the last time.

In Miss Crawley's support are Arthur Manda, who was prominent in the support of Martin Harvey, who since the death of Sir Henry Irving has been acknowledged the greatest living English actor.

BOOMING MCCREARY.

His Frankfort Friends Favor His Nomination for Vice President.

Frankfort, Ky., Sept. 7.—The announcement that William Jennings Bryan will make six speeches in Kentucky for the state Democratic ticket has renewed the suggestions heard from time to time that in the event he is again nominated for the presidency by the national Democracy nothing could be more in harmony with the natural order of things than that a southern Democratic leader should be chosen as his running mate.

The name of Senator James B. McCreary is the one that prominent leaders at the capital here and throughout the commonwealth are pointing to as that most suitable for the honor. That the senator would prove a most popular candidate, and could at once command the support of the solid south, is not doubted by those who have taken the time to investigate political conditions.
